

THE BUSINESS OF CARING

OUR VISION

To create a transparent non-profit charity organization, distributing more funds and effectively touching more lives than any other organization in the world.

OUR MISSION

To create an equal opportunity business, enabling the individual to achieve: Financial freedom, Time freedom and Quality of life, whilst improving the lifestyle of the disadvantaged.

WHY U-CARE?

U-Care believes that within every individual there is a measure of compassion and a willingness to help the disadvantaged. U-Care found that the average individual is more willing to contribute to a non-Profit Charity Funding organization if:

1. They knew the funds were being effectively appropriated,
2. There was some benefit to them.

U-Care Charity Fundraisers and the Donation Membership Plan provides you the opportunity to now subscribe on a regular basis to a totally transparent non-profit organization whilst at the same time benefit by helping others benefit.

For more information in how you can give to a charity organization of your choice and in the same time benefit from it, please contact Fanie van Vuuren at 082 448 2962 or email: cpafanie@mweb.co.za
